He knows that you guys go camping together. You better hand over the details ie. tents, camp fires, etc.

Hey All,

John and I have discussed this in the past and did so just a week or so ago. Unless John's position has changed we will not be responding to Buzz. He is not a reporter, rather a blogger who twists what is said to suit his story.

John has address issues regarding Ft. Howard with a viable media source, the Eagle. If Mr. Beeler cannot read the Eagle or does not have access to it, perhaps we can arrange for the paper to be delivered or read to him.

Mr. Beeler is more than welcome to request, through FOIA, when and what my employment with the state was.

If I remember correctly, and I could actually be wrong, but I think the Eagle was alerted when I turned in my resignation letter as District Liaison and Paul took over.

Buzz is right I am the campaign manager and it is a volunteer position. Do you think he saw us camping on Hart Miller Island? How many private investigators has this guy hired?

Dave
