Historic Courthouse, Mezzanine
Towson, Maryland 21204

Dear Mr. Mohler:

The Baltimore Post is requesting a response regarding our recent articles concerning the conduct of Councilman Todd Crandell's legislative aide, Mr. Ron Metzger.

We are aware of the requirement pertaining to county employees who are required to take ethical training as per the county code. County records indicate Mr. Metzger completed this requirement in February 2018.

There has been no response from any officials inside Baltimore County since this matter.

We are requesting a written response from your office. Please consider this email as for the record.

We are providing links to the two articles published by the Post concerning this matter:

Thank you for your time and anticipated cooperation regarding the situation.

Sincerely,
